Educator Student (Early Childhood Education)

Employment Type
Part-time

Base Salary
$ 21

Duration of employment
Permanent

Working Hours
0-44

Date posted
September 23, 2026

Description

Please note this is a francophone position

The ECE Student works directly with children while completing their studies in Early Childhood Education. Working alongside educators and the site team, the ECE Student helps create a safe, inclusive, nurturing, and engaging environment where children can learn, play, and grow. This position is a great opportunity to put classroom learning into practice, develop professional skills, and gain meaningful hands-on experience in a licensed childcare setting.

Responsibilities

- Support the active supervision, safety, and well-being of children.
- Work alongside educators to plan and provide activities based on children's interests, strengths, and needs.
- Help create a welcoming, inclusive, positive, and engaging learning environment.
- Build caring and respectful relationships with children, families, and team members.
- Observe children and contribute to documentation of their learning and development.
- Use positive guidance strategies to support behaviour, self-regulation, and social-emotional development.
- Participate in daily routines, meals, transitions, and personal care as required by the program.
- Learn and apply the principles of **How Does Learning Happen?**, ELECT, and Magic Triangle's Program Statement.
- Follow the CCEYA, Magic Triangle policies and procedures, and health and safety requirements.
- Participate in coaching, feedback, mentorship, and professional learning opportunities.

Qualifications

- Currently enrolled in a recognized **Early Childhood Education (ECE) diploma or degree program**.
- Demonstrated interest in child development and early learning.
- Willingness to learn, receive feedback, and work under the guidance of experienced team members.
- Strong communication, collaboration, and teamwork skills.
- Reliable, responsible, and able to demonstrate professionalism when working with children and families.
- Valid Standard First Aid and CPR-C certification, or willingness to obtain it based on position requirements.
- Ability to provide a valid Vulnerable Sector Check in accordance with applicable requirements.
- Bilingualism in French and English is an asset.
