GROWING TOGETHER FAMILY ENGAGEMENT EVENTS

This April, we're excited to continue creating meaningful opportunities for families to connect, explore, and grow together.

Selected sites will be hosting afternoon events centered around our theme "Growing Together." Families will enjoy a hands-on planting activity, a photo area, and light snacks and coffee in a relaxed and welcoming environment.

April 29 | 3:30–5:30 p.m.

 Magical Nook, Valley View, St-Denis, and St-Augustin

We look forward to sharing these moments with you!

THIS SEASON WE RECOGNIZE

This time of year is filled with spring celebrations across many cultures, often centered around renewal, family, and togetherness.

It's a beautiful opportunity to explore traditions, connect with one another, and celebrate the diversity that makes our community so special.

At Magic Triangle, we value learning through connection.

To each other, to our communities, and to the world around us.

WE HEARD YOU!

Thank you to all the families who took the time to complete our recent Parent/Caregiver Survey. Your feedback helps guide our decisions as we continue to grow and improve our services.

Here's what we heard:

- A desire for more family engagement opportunities
- Appreciation for ongoing communication and updates
- Interest in strengthening connections between families, children, and educators

Here's how we're responding:

- Expanding family engagement activities across all sites from April to June
- Planning additional opportunities for connection in the upcoming school year
- Continuing to prioritize clear and consistent communication

Your voice matters, and we are committed to growing together as a community.

Caring for our planet together

STORYTIME

We love **A Potato on a Bike** by Élise Gravel for its simplicity and silliness! The story is fun, playful, and easy for children to follow, which makes it perfect for reading together.

Our little ones love chiming in as we read, and the giggles don't stop, especially at the end (bonus: it's a great moment for tickles and connection!).

This is a wonderful book to spark laughter, imagination, and shared moments as a family.

Book suggestion by: Melissa Larivière

TESTIMONIAL

I highly recommend Magic Triangle, St. Denis site to any parent looking for a safe and nurturing environment for their little ones. Both of my children absolutely love going to daycare and are always greeted with warm, welcoming smiles. They have formed wonderful bonds with the educators; my daughter even says **they are her best friends**.

Since starting there, I have noticed significant improvements in their French, as well as in their overall vocabulary and fine motor skills. I cannot speak highly enough about the staff; the educators and supervisors are incredibly kind and caring.

Communication with parents is excellent, and I am consistently kept informed about my children's progress. I am so grateful we found this daycare and would recommend it without hesitation.

FIND THE FLOWERS

This month, we're inviting families to take part in a fun, interactive activity across all our sites! Hidden throughout the newsletter, you'll find flowers waiting to be discovered.

Visit your site to explore the laminated version of the newsletter and use a dry erase marker to circle each flower you find.

Children (0-preschool): Find 5 or more flowers
School-aged children: Find 10 or more flowers

Once done, submit your child's name at your site for a chance to win a fun gardening kit.

You can also participate from home using a screenshot or printed copy of the newsletter.

This activity is a great way to explore together, build observation skills, and enjoy a shared moment of discovery. Good luck and have fun!

DID YOU KNOW?

Did you know that the "triangle" in Magic Triangle represents the powerful connection between the child, their family, and the educators who support them?

This idea has been at the heart of our organization since the very beginning. It reflects the belief that when children, families, and educators work together, something truly special happens. Each plays an important role, and it is

through this connection that we see the "magic" of learning, growth, and belonging.

At Magic Triangle, we continue to honour this vision every day—building strong relationships and creating a community where everyone feels supported and valued.
