FROM OUR FAMILIES

A Big Thank You from Our Family

Our son has been happily attending Magic Triangle St Augustin site for a year and a half now, and we can't say enough about the wonderful care he receives.

Miss Sam has been a steady, loving presence since she started to care for him. Her warmth, kindness, and genuine care make him feel so safe and happy—we see it in his smile every morning at drop off.

The entire team has been incredibly kind and attentive to him too, creating such a nurturing environment. As parents, it means everything to know he's not just looked after, but truly enjoyed and cherished each day. Dropping him off feels easy because we trust he's in such good hands.

Thank you, Miss Sam, and thank you to everyone at Magic Triangle for making our little boy's days so bright. We feel so fortunate!

With gratitude,

The Pharand Family

STORY TIME

Happy by Mies van Hout

is such a great book because it uses colourful, expressive illustrations to help children recognize and

name their emotions. When children don't yet have the words to explain how they feel, the images can help them identify and communicate their feelings, opening the door to meaningful conversations about emotions.
